PROFESSIONAL EXPERIENCE

System Developer Associate | Accenture, 2025

Collaborated on backend systems for BBVA using APX CLI, contributing to the development and maintenance of financial transaction services.

Participated in Agile workflows, contributing to sprint planning, code reviews, and collaborative debugging sessions.

Documented technical processes and supported the delivery of functional JARs and API endpoints consumed by internal clients and Postman-based tools.

Head of Film Production | Togo | June–December 2024

- Project accounting
- Negotiation with local suppliers
- Coordination with team leaders
- Conflict resolution and workflow reorganization

Drone Pilot | Spain | 2021 – Present

Covered videography needs for events such as weddings, corporate meetings, ads, real estate promotions, etc.

Coordinated with aerodromes to request flight permits and meet local flight regulations.

Startup Charly's English | Dubai, UAE 2021-2023

Designed and optimized team workflows using digital tools to improve sales performance and efficiency.

Delivered onboarding and continuous training sessions, incorporating CRM and sales software to support new and existing team members.

Utilized data analysis to identify trends in customer behavior, contributing to the development of targeted digital outreach strategies.

Maintained and organized detailed logs of sales pipelines, leveraging internal platforms and cloud-based documentation systems.
